Winter 2005

What a tremendous year we've had at TVR&G! Several large projects were completed, including removal of many years accumulation of trash from the property, installation of metal roofing panels over the rifle range shed, the addition/expansion of a permanent roof over the sunroom and expansion of the rifle range backstop. There were so many of you who came out to help I can't thank you all by name, since I'd surely forget someone. The grounds look the best they have in years, and I'm sure we'll continue to improve upon our facilities next year.

We've got things buttoned up for the winter: mowers and cookers put away and a load of firewood in the shed. The plow truck is together and running, thanks to Dan Hartnett and Joe Dingley. The regular monthly meetings, held the second Sunday of each month at 2:00pm in the Tom Parker clubhouse, will continue as long as we can get in to the grounds.

The exception to the monthly meetings rule is in December. As in the past several years, we'll meet Wednesday December 14 at 7:00 pm at Buddy Bucks, (AKA Dapp's) Lincoln Ave. Watervliet (behind the Arsenal and next to AlTech Steel). Prospective members are welcome. The club will put on chips, dips and chicken wings, along with draft beer. Any lucky hunters that want to share a stew or soup are encouraged to participate. This gathering is more a party than a meeting. We don't discuss club business other than to kick off the 2006 dues campaign.

Club dues will remain at \$60. Please pay your dues promptly, or advise us if you'll be unable to continue your membership. Absolute final day for payment is March 31, 2006. Anyone who pays their dues at the party will be entered into a free drawing for a mystery prize.

Closing for now, we wish all of our members and their families a safe, healthy and happy holiday season and New Year. Hope to see you on the 14<sup>th</sup>!
